I Need To Be Me.

I Need To Express My Thoughts Or Write

"I like the freedom and independence LHS offers. It has given me a chance to investigate my own interests."

Anna Fromer

"I went to this school going on three years; and I learned nothing. When I get out I will have a piece of paper which says that I graduated."

And Feelings. Every Time I Act Or Speak . . .

. . . And the Town

"Someone should instigate a fourth branch of government for the sole purpose of checking on the government."

Dina Fein

"Isn't Nixon really egotistical and self-centered? I think there's something definitely wrong. He'll veto a bill for schools for the retarded but pass bills to bomb people. Gees!"

"This is the 'Let-somebody-else-do-it' town. You kids have so much; the apathy is pretty high."

Don Lendry

She is among the few indispensable people at LHS. Amid the disorder of shelves, sawdust, and workmen brought about by the incomplete addition, she keeps order. Always willing to give of herself, she has helped us learn to use and appreciate the library. Those who know her best are familiar with her openness in talking with students and her quick sense of humor. She truly regards students as individuals.

The Class of 1974 expresses its deep appreciation for this considerate lady's services; we dedicate the 1974 MASACKSIC to Margery Baird.

Field Hockey

"The scoring power of Celia Canavan, combined with a strong defense, produced the first winning season ever for an L.H.S. Field Hockey team. Rookie Coach Darsch combined spirit and enthusiasum with skill and experience to lead the girls to a profitable season. The Lancers hung on for four shutouts, and scored more goals this year than in the 2 previous seasons combined. In the Western Mass. Tournament, Smith Academy squeeked by the Lancers by a 1-0 score." — Cathy Bliss

"The coach deserves a lot of credit for our winning season, but so do the kids because they worked harder this year than they ever did before" — Celia Canavan

Your children are not your children.
They are the sons and daughters of life's longing for itself.
They come through you but not from you,
As though they are with you yet they belong not to you.

You may give them your love but not your thoughts,
For they have their own thoughts.
You may house their bodies but not their souls,
For their souls dwell in the house of tomorrow,
  which you
cannot visit, not even in your dreams.
You may strive to be like them,
  but seek not to make them like you,
For life goes not backward nor tarries with yesterday.
You are the bows from which your children as living arrows
Are sent forth. . . .
Let your bending in the archer's hand be for gladness.

KAHLIL GIBRAN

"These guys are really crazy when they're mad: Wendy sings and Linda speaks French!" "Should Laurie be bleed out?" "This quote idea stinks — nobody ever says anything good." "Freshmen are such jerks! In two homerooms, there are only three who want to buy the Yearbook." "McKenna lost the whole role of ad pictures? Kick him off." "Doing this ad section is the biggest pain of my life!" "There's no way we can have gymnastics pictures in this deadline — the team hasn't even been picked!" "I tried out for **Masacksic** because I wanted to work on the yearbook, but so far, I haven't done a thing — the editors do all the work." "Oh, Geez! How am I supposed to tell if this is Richard or Alan Cohen? They're identical twins!" "Snow days are a fantastic gift, but they can sure screw up the Activities section." "If this club won't stay to get their picture taken, I guess we won't put them in." There're too many jokers on this staff just for college brownie points."

"Jim Duclos has been in the Yearbook so many times, I'm surprised his head fits in his helmet." "Steve, you can't take candids of only pretty girls." "I can't stand bossing people around. I like the creative power of being editor-in-chief, but not the power over people." "Mike! Neal! Help!" "Faculty is a riot, but some teachers might be offended." "Robin and I can honestly say we know everyone in the senior class." "The name of this publication should be 'Masocistic'!" "I never talk to Harry and Bill. They're so responsible it's unreal!"
